SWISS MADE

Dear Friends!

Let me introduce to you the Swiss watch brand **Taller**.

I've devoted my life to watchmaking; I've been working in the watch industry for more than forty years. Fifteen years ago, I founded my own company specializing in private label watch manufacturing. The idea of creating the perfect watch and establishing my own brand – **Taller** – arose a few years ago. I've passionately devoted myself to the brand's development and put all my many years of experience, knowledge, and my desire to make the perfect **Taller** watches. Watches are my profession and my life. I love the precision and I take delight in perfectly executed work.

People all over the world appreciate Swiss watches for their reliability, high quality, precision, prestige... I believe that the **Taller** brand perfectly combines all these qualities. The 14K Gold **Taller** logo on the dial – the distinctive mark of the **Taller** brand – emphasizes that this watch meets the gold standards of Swiss watchmaking.

I would like to express my respect and appreciation to our dear customers and to give them the unique feeling of owning the best. **Taller** watches have been created to brighten the best moments of your life and to be your trusted companion for many years.

You deserve the perfect watch!

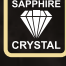

Yours faithfully,
Jean-Claude Racine, President of the Board
SwissWatch Trading Co. Ltd.

About the Brand

The name **Taller** is derived from a European silver coin, the hard currency of the 15th and 16th centuries. The value of this coin was equal to golden money, and it became a symbol of wealth and prosperity.

The **Taller** watch is the embodiment of Swiss tradition; it symbolizes success, stability and quality. The credo of the **Taller** brand is exclusivity, design and quality.

EXCLUSIVITY

Taller collections are created to entirely fulfill the expectations of the demanding customer. Each model line has its own name, precisely depicting the overall nature and exclusivity of the watches.

The ladies' collections vary from classic and elegant to distinctive and majestic. Genuine leather, silk or stingray skin straps will perfectly complete your look.

The men's watches unite unique design with premium quality; the result is an excellent accessory for any occasion. The luxurious image is emphasized by genuine crocodile or nubuck leather straps.
